

Subject: Wejo to List Publicly in the U.S. Through a Business Combination with Virtuoso Acquisition Corp.

Dear [],

We are delighted to inform you that Wejo has today entered into a Business Combination Agreement with Virtuoso Acquisition Corp, a special purpose acquisition company (SPAC) listed on NASDAQ. Further information on the transaction can be found in the [press release](#) and the [investor presentation](#), which can be found on the Investor Relations page on [wejo.com](#) We encourage you to watch the investor presentation.

The highlights of the transaction are:

- Virtuoso has \$230 million cash in trust
- A fully committed PIPE of \$100 million, with interest from strategic investors for up to an incremental \$25 million within the next 30 days, subject to on-going negotiations
- Expected cash to Wejo balance sheet of c.\$300 million at closing
- Pro forma equity value of c.\$1.1 billion
- Wejo shareholders will retain c.64% ownership at completion
- The proceeds fully fund Wejo's five year plan and position the company to execute on all of its strategic objectives, including acceleration of OEM onboarding, continued rollout of new offerings and services for connected vehicle customers and further expansion into new geographies and in-demand marketplaces.

Completion and public listing are expected to take place during the second half of 2021, following review of the Proposed Transaction by the SEC, as well as obtaining required approvals from the Virtuoso investors and satisfaction of customary closing conditions.

Sam Hendel, a Non-Executive Director of Virtuoso, is expected to join the Board of Wejo Group Ltd ("WGL"), which is the new holding company that ultimately will be listed on a US exchange. Sam is currently a Portfolio Manager and President of Easterly Investment Partners, LLC which manages \$4 billion of assets. He is also a Co-Founder of Dataminr, which he formed with two of his former Yale classmates in 2009. Dataminr is the leading platform for real time AI which detects the earliest signals of high impact events and emerging risks. It ingests information from a mix of 100,000 public data sources and based on that information provides customers real-time insights into on-going events and new developments. The company recently raised \$475 million at a \$4.1bn valuation. The conceptual overlap between Dataminr and Wejo is compelling and we believe Sam will add significant strategic and operational value to the governance of Wejo.

Next steps:

- There is no action to take at this time
 - Prior to completion you will be sent a drag along notice, pursuant to the Articles of Association, in order to transfer your Wejo Ltd shares to WGL
 - The precise details of the value and number of WGL shares that you will receive will be communicated closer to the expected completion date
-

If you have any questions, please do not hesitate to contact any of the three of us and we will respond to you just as soon as possible.

Best regards

Richard, Tim, and Diarmid
